

Declaration for Transfer of Trainer

This form is to be used to obtain the approval of the Judges or Stewards for a transfer of one or more horses from a trainer of record to another trainer of record under the Rules of Racing.

If the licence of a current trainer of record is suspended or revoked, or the trainer of record is unlicensed or otherwise ineligible to train horses in Ontario, the horses under his or her care and control are not eligible to be entered or to race in the province of Ontario until the Judges or Stewards have approved a transfer of the horses to one or more other trainers of record.

Note: All licensees are reminded that no person whose licence is suspended under the Rules of Racing under the *Horse Racing Licence Act, 2015* or who is not licensed, may provide goods or services for which a licence is required with respect to race horses.
