### Backstretch:

Trainer Kevin Attard was in looking for a Stewards scratch for the horse Pleasant Forest. Request denied and the reasons explained to him. The horse was vet scratched.

Trainer Matt Frazier scratched two horses as vet scratches. The form provided was unacceptable and he was asked and did provide slips which included the letterhead from the veterinarian involved.

Zelko Krcmar was in about the horse Big Gillette. The stewards cannot allow a transfer on this horse as it was sold as a riding horse and there is no bill of sale with the correct signatures on it. This matter has been discussed several times with him and the previous owner.

Owner Joe Pirone was in and discussed the situation with several of his horses and his previous trainer.

Occurrence file 18-389 from Investigator Keshia Kalloo was filed with the Stewards. There was an allegation of hidden ownership. The Stewards are satisfied with evidence provided and no further action is required at this time.

It was reported after the 6<sup>th</sup> race by the test barn a discrepancy with the micro chip and the lip tattoo for the horse Stereo Viewing (IRE) trainer Francis Abbott III. The paperwork in the test barn

matches the Micro chip which is 44063 but the lip tattoo is 44603. Everthing appears to be correct but we will contact the trainer to make the necessary adjustments. We will also talk to the horse indentifier about this.
